# About tbs-pack GmbH

With decades of experience, our family-run manufacturing companies are among the pioneers of the packaging industry - we live innovation - and progress. Unique in the market, our group of companies offers system solutions for the entire packaging process, including the appropriate consumables. With us you get packaging machines and films - all from one source, without intermediate trade.

Starting with the completion of the customer's product, in our end-of-line packaging machines (form fill and seal machines, Doypack filling machines, shrink wrapping machines) up to the dispatch of the finished pallet to the end customer (conveyor technology, case sealers, strappers, stretch wrappers).

Our company philosophy includes the core approach to relieve our customers in the lengthy purchasing selection processes for the different packaging areas without having to resort to several suppliers. With the right consumables and the matching packaging machines, which are customized in our group of companies, we make it possible to bundle purchasing budgets and to pass on process consulting synergies from our worldwide customer network to you.
